MEDICAL ASSISTANCE PROGRAM

State of Texas

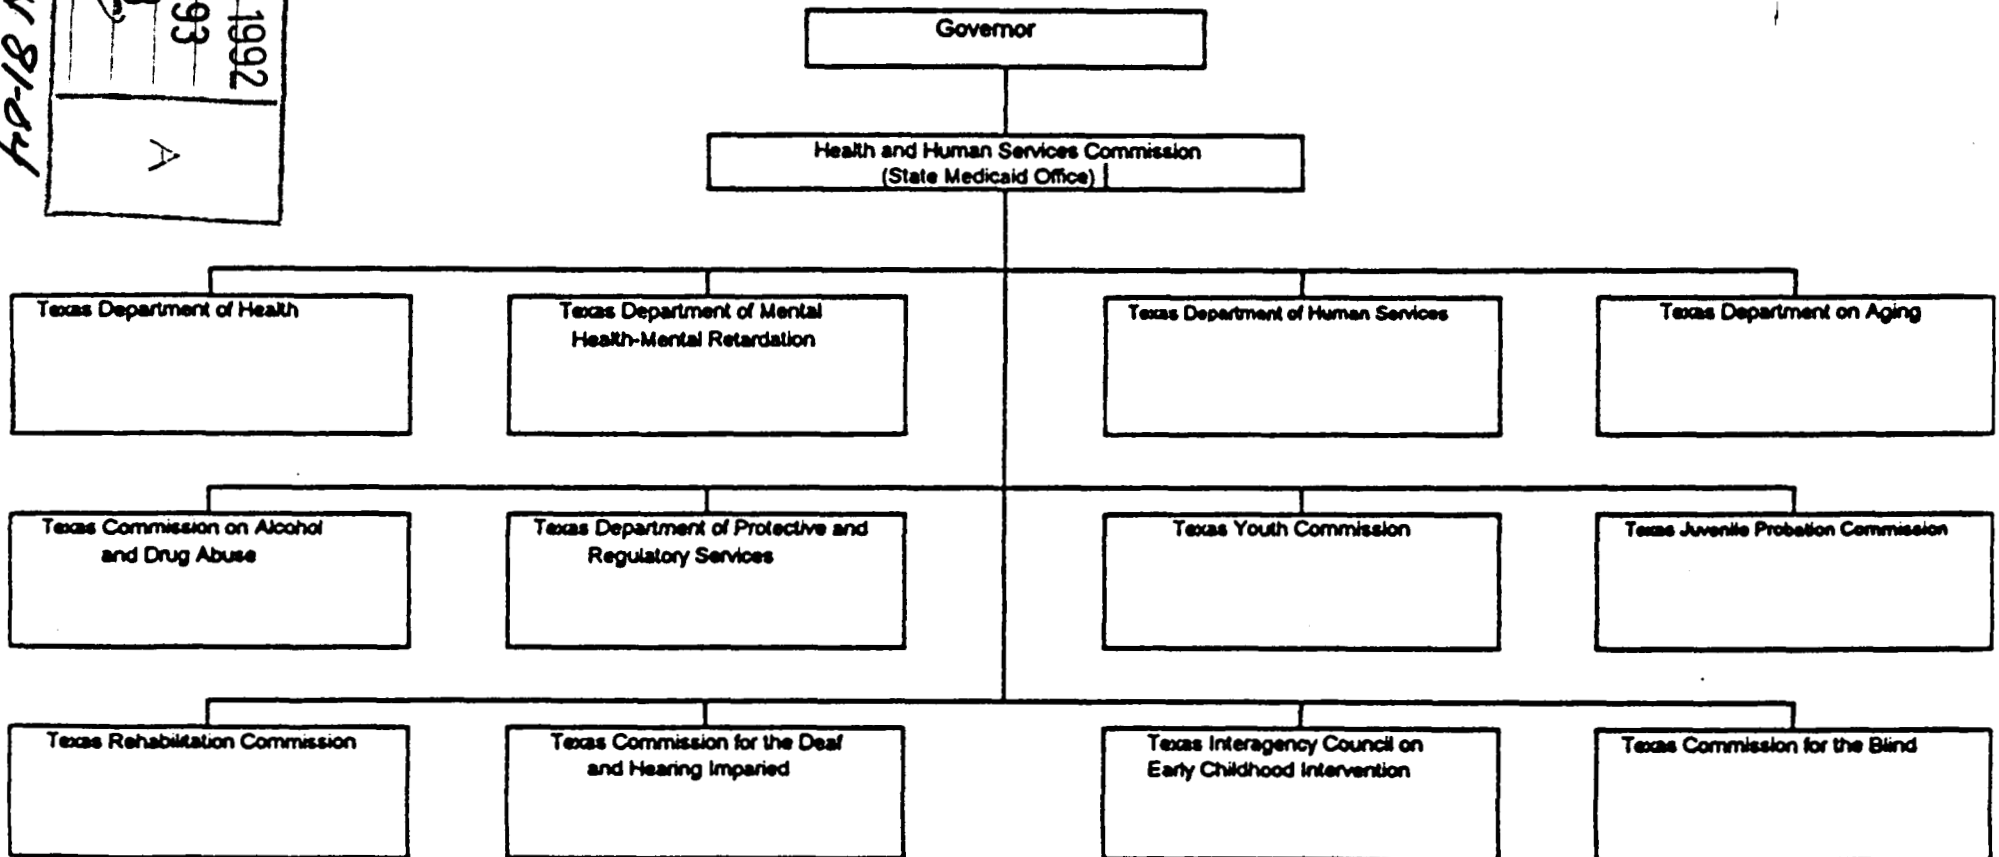

ORGANIZATION AND FUNCTIONS OF THE STATE AGENCY AND AN ORGANIZATIONAL CHART OF THE AGENCY

The Health and Human Services Commission (HHSC) is a state agency with primary responsibility for overseeing the delivery of state health and human services. HHSC is governed by a Commissioner of Health and Human Services who is appointed by the Governor of the State of Texas. The Governor also appoints the boards of the 12 Health and Human Services (HHS) agencies who are overseen by HHSC. The 12 HHS agencies overseen by the commission are the Texas Department on Aging, the Texas Commission on Alcohol and Drug Abuse, the Texas Commission for the Blind, the Texas Commission for the Deaf and Hearing Impaired, the Interagency Council on Early Childhood Intervention, the Texas Department of Health, the Texas Department of Human Services, the Texas Juvenile Probation Commission, the Texas Department of Mental Health and Mental Retardation, the Texas Rehabilitation Commission, the Texas Department of Protective and Regulatory Services, and the Texas Youth Commission. The Commissioner of HHSC is directed by the Governor to oversee the HHS agencies.

Article 4413(502) §16, Texas Revised Civil Statutes states that HHSC is the single state agency to administer the federal medical assistance funds. Under this authority, the federal medical assistance funds are granted to HHSC by the Health Care Financing Administration. As the single state agency, HHSC has final authority over the Medicaid programs that are carried out by the HHS agencies subject to the approval of HHSC. HHSC has the authority to exercise administrative discretion in the administration and supervision of the Medicaid State Plan. This includes administration and supervision of the Medicaid program policies, rules, and operations which may be carried out by the HHS agencies. The HHS agencies do not have authority to change or disapprove any administrative decision of HHSC or otherwise substitute their judgment for that of the agency as to the application of policies and rules issued by HHSC. HHSC is authorized to oversee, monitor and evaluate the Medicaid programs and to require corrective actions of the agencies which implement the programs pursuant to the agreement with HHSC. The agencies must make any changes in the program operations requested by HHSC.
